About Me

I have good communication skills and am a motivated and positive person. Hardworking and goal-oriented, I work effectively both independently and in a team. I demonstrate persistence, resourcefulness in different situations, including when dealing with conflicts, I learn easily and strive to improve my knowledge and skills. I quickly adapt to a dynamic environment.

Projects

shopiclothi.com

Part of 5 person team developing a web application for selling new and second hand clothes. As a Backend Developer I deal with processing of queries, database optimization and user integration functionality. I am using Django and PostgreSQL.

DK - Pary Decorations
